Aktuell Säkerhet

With us, you reach the entire security industry!

Aktuell Säkerhet has a broad reach over the security and safety industry, private as well as public. We reach those responsible for IT security, information security & physical security – surveillance/shell protection, fire, alarm systems as well as personal & crisis issues. According to our readers, we are a magazine that is educating and engaging. It is the place where industry profiles as well as advertisers want to be seen.

The magazine was founded in 1982 and has since provided the industry with current information. Today, the magazine reaches about 9 000 recipients and each issue is read by 1–3 readers. Aktuell Säkerhet is a member of The Swedish Magazine Publishers Association.

JENNY PERSSON

NATIVE

■ NATIVE ADS - A UNIQUE OPPORTUNITY TO CREATE BUZZ AROUND YOUR COMPANY

A native ad (also called an advertorial or editorial ad) tells your story in a form and context familiar to the readers. It is a great opportunity to introduce a product, tell about a successful case or highlight the benefits of working with you!

The ad harmonizes with the editorial material and is clearly marked as advert. We help you all the way, from the idea to the finished ad, in continuous dialogue. Contact us and we will tell you more!
